Remember Tuesday Dec. 28, and be on hand to talk over the fair proposition for next summer.

C. P. Chappell returned from Kansas this week. He says he notes quite an improvement in Lovington during his absence.

Obituary of W. D. Boyd

W. D. Boyd was born March 22, 1857 A. D. and was married July 10, 1882 to Mary A. McCoy. Made a profession of religion in 1876 and joined the Missionary Baptist Church, and lived a devoted christian life from that time until God said it is enough, come up higher, which was Dec. 15, 1915.

Ten years ago his mother died on same day and in same month. Eight years ago his father died in same month and 16 day of December.

There were born to Bro. and Sister Boyd four children, three girls which have already passed on to another world before him, and one son still living, Bro. I. W. Boyd.

Bro. Boyd was a kind and affectionate husband and father, and one that loved his companions, but above all he loved his Lord and Savior, Jesus Christ. He was always anxious to see the cause of Christ prosper, and to see un-saved men and women led to Christ. It has been my pleasure to be his pastor for nearly three years, and I found in him one that was a great helper in the Lord's work, and his was all that could be asked for.

Uncle Bill as he was familiarly called by every one, was loved by all that knew him. On Thursday Dec. 16, 1915, I was sent for to pay the last tribute of respect to him.

We laid his body to rest in the Eunice cemetery, and his spirit returned to God who gave it.

By his pastor,
D. Y. Music.

Survey of The Queen Road Is Completed

Carlsbad, N. M., Dec. 20. The forest service has completed a survey of a road across the forest in the Gaudalope Mountains by way of Queen in western Eddy county. Robert Stephenson, forest ranger, in charge of the surveying party, came in last night and reported this morning. He says that a new route has been found that cuts out the old kinks and steep grades and at the same time cuts down the distance very materially. The route as now surveyed is fifteen and three quarters mile long and has no bad curves or steep grades.

The government intimates that it is up to the people. If Eddy county builds a good road from Carlsbad to the boundary of the National Forest, the government will build the fifteen and a fraction miles across the forest.

Tom Middleton who is authority on road building in the mountains says that Dog Canyon hill west of Queen has been reduced from thirty to eight in grade and is no longer a dread to the wayfarer. He is autoist or still a driver of the horse. C. M. Richards kept after the forest service in season and out of season and it is largely due to him and that other Eddy county good roader C. H. McLenathen that the government has made the survey of a road across the forest. It is up to the people to show they mean business by building to the forest boundary.

Although Xmas is here, there are a few places in the sidewalks that need fixing as soon as possible.

Just What You Want

Wesley McCallister Buys Back Garage

Last week a deal was closed in which Mr. McCallister bought his former garage back which he sold to Barr and Company before leaving for California some four or five months ago, but on his return has repurchased.

The shop seems to have been doing a good business and will likely continue as we learn that Mr. McCallister has recently brought on a new supply of "Fords" and the shop will also assume its old firm name as the "Ford Garage."
